PROCEEDINGS OF ANNUAL MEETING.

The Annual General Meeting of Subscribers was held at the Town Hall by kind permission of the Lord Mayor, on Thursday, April 24th, 1947, at 12 noon.

The Lord Mayor of Liverpool (Alderman W. G. Gregson) in the Chair.

1. The Annual Report and Treasurer's Statement of Accounts for the year 1946 were taken as read.
2. Proposed by Mr. Edmund Booth, President of the Hospital, seconded by Mr. George Jennings, Deputy Honorary Treasurer, supported by the Lord Mayor, and resolved:—

“That the Report and Treasurer's Statement of Accounts for the year 1946 as submitted today under the direction of the Board of Management be approved and adopted.”
3. Proposed by Councillor J. F. M. Holland, seconded by Major Gilbert Fraser, and resolved :—

“That the thanks of the meeting be given to the Board of Management, and the Ladies and Executive Committees, and also that Messrs. Edmund D. White & Sons be re-appointed Auditors.”
4. Proposed by Mrs. Alan Tod, seconded by Mrs. Evelyn Parker and unanimously carried :—

“That the thanks of the meeting be given to the Lord Mayor for his kindness in presiding and for the use of the Committee Room.”

REPORT OF THE BOARD OF MANAGEMENT

For the Year ending December 31st, 1946.

IN framing their post-war policy, the Board of Management realised that within a limited period much of their responsibility, and presumably all their capital resources, would be taken over by the Regional Authority envisaged in the National Health Service Act. Moreover, it was realised that no plan involving extensive rebuilding could be achieved for many years to come. Yet the Board of Management was determined to cover the interim period by a Short-Term Policy which, after prolonged discussion with representatives of the Local Authority and of the Ministry of Health, has now been drafted and formally submitted.

These plans propose temporarily to answer the more immediate problems of better facilities for :—

Ante-Natal and Post-Natal attention of Out-Patients.

Isolation Accommodation ;

Premature Babies' Unit ;

Breast Milk Bank with Feed Preparations Department ; and

Centralisation of accommodation for Nursing and other Resident Staff.

The genuine need for these improvements to assist in the provision of the wider field of maternity work now demanded is emphasised by the following report of the ever-increasing services rendered :—

The number of IN-PATIENT admissions—2,839—during the year constitutes a record in the hospital's long history ; the previous highest total having been 2,534 in 1934. Of the former figure, 1,065 patients were accommodated post-natally at the Southport Annexe, the average period of stay there being approximately seven days ; and the Board of Management again pay tribute to the considerate and efficient service provided by the Merseyside Hospitals Council's Ambulance Department which has effected the regular thrice-weekly transfer of mothers and babies between the Main Hospital and Southport.

As to DOMICILIARY CASES, the Midwives of the Hospital's six extern Districts have also rendered a greater measure of service ; 1,318 patients having been delivered in their own homes (compared with 1,097 in 1945) and a total of 39,875 visits were made.

Three of these District Homes now have special weekly sessions where patients may attend during the ante-natal period for supervision and advice by the resident qualified midwifery staff; and this arrangement is helping to relieve the stress on the Pre-Maternity Centres Clinics to which reference is later made. The number of births in the Hospital was 2,537 and in the Districts 1,318 and it is interesting to note that in this combined total of 3,855 the hospital's services were professionally responsible for 13.42% of the total births recorded in the City.

Furthermore, the OUT-PATIENT services at both the Main Hospital and the Extern Pre-Maternity Centres shew substantial increases in patients and attendances compared with the previous year, as follows :—

	1946		1945	
	New Cases	Attendances	New Cases	Attendances
Main Hospital :—				
Ante-Natal ..	3,596	16,352	2,732	12,915
Post-Natal ..		1,302		987
Extern Centres :—				
Ante-Natal ..	5,276	23,782	3,959	13,902
Totals ..	8,872	41,436	6,691	27,804

The INFANTS CLINICS continue to be held on Monday and Thursday afternoons of each week, the latter being reserved for special cases. Throughout the year a total of ninety-one sessions were held, and 617 babies received professional care and the mothers were also advised. Attendances made were 3,811.

Reflection on the foregoing brief summary of the inclusive services provided by the hospital and its various departments for the welfare of mothers and babies will afford some measure of the increasing volume of work undertaken during the year of 1946 and indicate the scope of the Board's important trust.

Equally paramount in their separate spheres are the TEACHING AND TRAINING facilities which the professional staffs perform.

The intake of Medical Students, ordinarily eight at any one time, for a residential eight-weeks' period during which they may

obtain instruction in practical obstetrics to conform to the curriculum of the University, has been less than normal in the past year by reason of the general adjustments in academic studies. Advantage, however, was taken of the period when the Students' Hostel would have been vacant to assist the University's Medical School in its arrangements for a whole-time Post-Graduate Course in obstetrics and the hospital was thus able to provide accommodation for qualified members of the profession who desired instruction in the more recent knowledge and practice in this particular branch of medicine.

In the two Midwifery Training Schools the Hospital and its District Midwifery Association continues to render a valuable duty to those who wish to qualify for the profession or who will require the knowledge for some other avenue of nursing.

The Hospital's Part I School gave training to seventy-four Pupil Midwives during 1946. Six did not take the Examination but of the remainder who completed the training, fifty-four were successful.

Allowing for the three trainees who had to re-sit the examination, the thirty-four Pupils who took the second Period with the Districts Association were successful and thus became fully qualified. It is, however, not possible to provide residence for the practical training of the increasing number of applicants for this Second Period ; but the Board understand this inability is general and that the Central Midwives Board are at present endeavouring to alleviate the position.

For the mutual convenience of all concerned the engagement of Pupil Midwives for the commencement of their training has recently been re-arranged to provide a more frequent influx in the interests of the nursing administration of the hospital and incidentally so that the termination of their training periods will more nearly coincide with the Central Midwives Board examination dates.

Entrants for the Instruction Courses in Gas/Air Analgesia numbered 101, and of these 85 became entitled to the recognised certificate of proficiency. Under the later regulations of the Central Midwives Board, however, Pupil Midwives must, since July last, take the analgesia instruction as a compulsory part of their inclusive training and candidates cannot now qualify

as State Certified Midwives unless by prior examination they have proved themselves proficient in the administration of gas/air analgesia.

Of COMMITTEES AND STAFF changes : the Board received with sincere regret early in the past year the resignation from two colleagues ; Major Mark Rathbone on his taking residence in Shropshire and Mr. R. H. Thornton on account of his increasing business commitments.

Major Rathbone first joined the Board of Management in 1906, and of the many responsible offices he undertook were those of President from 1921 to 1931 and Chairman of the two successful Building Appeals of 1923/26 and 1928/32, which together raised a total of £111,660 and saw the complete new building freed of capital debt.

Mr. Thornton was elected Honorary Treasurer in 1923, and in that capacity continued ably to assist and regulate the hospital's finances throughout his twenty-two years of membership. Also of inestimable value was his keen appreciation of the varied administrative problems of hospital work generally.

Both these colleagues had thus given worthy service to the hospital over many years, and the Board again record their sincere thanks to them.

Owing to his inability to attend regularly Mr. J. Edwards Jones also had to resign his membership in October last.

Concerning the Medical Staff, the Board deeply regret the loss by death in June last of Dr. R. E. Roberts, who had held the post of Honorary Radiologist in which he rendered such a special and valuable service to the hospital for many years.

Dr. George McLoughlin has been appointed Honorary Anaesthetist in succession to Dr. F. B. Ryan, retired.

In September last Dr. John Duncan Hay accepted the Honorary Office of Assistant Paediatric Physician.

The post of Honorary Consulting Pathologist, left temporarily vacant when Professor T. B. Davie was appointed Dean of the Medical Faculty of the University, has since been accepted by Professor H. L. Sheehan.

Miss Fensom, who had held the position of Sister-Tutor since August, 1943, resigned at the end of the year on being

appointed Educational Supervisor to the Central Midwives Board ; and is succeeded by Miss V. V. Edey.

Miss Pringle, the Sister-Tutor for the Domiciliary Association, left in May last to take up Health Visitor studies and the vacancy for this position was filled by the appointment of Miss M. S. Keig.

Reference to the published STATEMENT OF ACCOUNTS indicates a position of immediate and serious financial stress. The hospital suffered a deficit of £11,200 and the Domiciliary Association of £1,750 ; making a total excess expenditure of nearly £13,000 in the past year. It became necessary to reduce the consequent mounting overdraft and certain General Fund investments—the proceeds of sale amounting to £5,870—were used to relieve the position.

Dealing firstly with income, the Board once again acknowledge with sincere thanks the contributions from Subscribers and Donors.

The Linen Guild Committee's allocation of £350 towards the cost of various bedding and other requisites purchased (apart from various gifts of clothing, etc.) was much appreciated and the Board renew their congratulations to that Committee for the success of its continued endeavours.

The Women Helpers League, through its established Branches, has again provided substantial support : a total of £785 having been contributed. Although the respective sums from the separate Branches vary, the Board feel mention should be made of Hale, Mossley Hill, Waterloo/Seaforth and Wirral, who each remitted their full £100 and special praise accorded to Formby which, through the able efforts of Mrs Brierley-Jones, forwarded the splendid sum of £257.

The West Derby Waste Lands Charity, the Bernard Baron Charitable Trust, and the Liverpool Council of Social Service again made welcome grants.

The appreciable total from the Merseyside Hospitals Council is a gratifying help at this particular time, and the Board feel this item of income merits very real thanks to the many firms and individual contributors, and also to the Council for its able administration of the Penny-in-the-Pound Fund from which this sum was allocated.

Of assistance from Public Authorities, the greatest help is received from the Liverpool Corporation by way of various

grants ; and it is encouraging to report that following representation earlier in the year, certain of the grants payable for services rendered were augmented as from April last. The Board again warmly acknowledge such assistance from this source, and thank the Authority for the increased revenue the hospital will consequently enjoy.

A tribute of thanks is also due to the Universities Grants Committee for the sum of £1,290 per the University of Liverpool in recognition of obstetrical teaching the hospital provides for Medical Students.

Income is also helped by the further payments from the respective estates of the late Miss A. K. A. Egerton-Castle and the late Miss Mary E. Williams as shewn in the accounts.

Even with this available income, however, the Board are now unable to meet rising expenditure of which by far the greatest increase is in salaries and wages now based on the Rushcliffe Scales for the Nursing Staff and the National Joint Council rates for Domestic and allied workers. In the former further increases and increments will be applied in April of the following year.

As to other items of expenditure ; allowing for necessary renewals and repairs, most of the additional costs are due to increased prices for the various commodities of essential needs.

Incidentally, it became necessary to overhaul and renew much of the wireless equipment, and through the kind offices of Colonel Alan C. Tod an anonymous donation of £210 was received, of which £160 has so far been spent.

Two special and commendable donations were also received from Mrs. Thomas Woodsend, who was a member of the Ladies Committee for many years and is now one of the Hospital's Honorary Vice-Presidents. One contribution of £25 was as a "thankoffering for peace," and the second—a gift of £50—to celebrate a notable birthday in her life.

Recipients of this Report will undoubtedly realise that the Hospital's present financial burden gives cause for much anxiety. The Board ask in all sincerity that Subscribers and Friends will continue their maximum support in these difficult times and, if possible, enlist the help of others. The important and worthy services provided really merit the practical sympathy of all. The Board urgently seek that practical sympathy to relieve immediate financial stress and to enable the hospital to continue the maintenance and treatment of its many patients.

WOMEN

President : The President of the Hospital Ladies' Committee.

Vice-President : The Vice-President of the Hospital Ladies' Committee.

Honorary Secretary : Mrs. ALAN TOD.

The AIMS AND OBJECTS of the League are :—

To offer to any district of Liverpool and neighbourhood the privilege of having a bed named after it, provided the women of that district are prepared to adopt it. "Adoption" of a bed involves the raising of £100 annually by local effort. Thus a district secures a direct interest in the Hospital and the Hospital reaps material benefit from the efforts of many who have time, energy and goodwill, rather than money to spare.

Many patients can afford a fair sum, but many can pay nothing at all. The adoption of a certain number of beds therefore enables us to deal with these cases on financially sound lines. Every bed adopted in this fashion thus enables in each year of adoption something like 30 women of the poorest class to get the incalculable benefit of full Hospital care and treatment during their confinement.

Full adoption implies the raising of £100 annually for a named bed. It is appreciated that in some districts this can be accomplished without much effort, yet we know others may find it a difficult task. Still, £100 is the figure for which to aim.

There is a standing invitation to any district wishing to come into the League, and the Hospital is ready at any time to help those interested in the formation of a branch. There are still many beds awaiting adoption.

You may have friends in other districts who want to help? Please let us have their names and addresses so that we may contact them.
